

Dear Parents,

May we welcome you to the new academic year and notify that school will finish at 13.00 for all on Monday 31st August, the first day of term. Should you require your child to remain longer supervision can be arranged. Please email admin@fpa.sch.ae with this request. We have a number of new teachers all of whom are qualified in the areas they teach, however we are still awaiting the arrival of a few more. All classes will be taught, and I am asking for your understanding given the context of the situation around recruitment from overseas at this time. We hope to move the school forward with the same resilience that was shown by students, families and staff over the last academic year.

The GCSE and International A level results were exceptionally good this year with all of our students moving onto the next stage of their education. I will be meeting with the new Grade 10 and Grade 12 individually to discuss their options and future pathways to higher education on Monday.

With best wishes for a happy and peaceful academic year.

Regards,

Jan Brettingham Ms
Principal
